

Build WordPress Websites with Divi

Thursday, May 28, 2015 7:00 PM
Tampa Bay WordPress

Bloomington Regional Library

1906 Bloomington Ave, Valrico, FL

Meetup agenda:

Carol Gann is our next speaker. She is a Winter Park Florida, WordPress developer and project manager for Orlando Web Wizard. She is experienced with Divi and uses it for almost all of her client projects.

She is considered the resident Divi Expert from Tampa to Orlando. Carol will be presenting a 2 hour session devoted to Divi 2.0, a premium WordPress theme by Elegant Themes. She uses Divi to create her acclaimed websites that are functional, as they are beautiful.

The following agenda of topics was revised by Carol Gann:

Introducing Divi 2.0

Say hello to the smartest and most flexible WordPress theme by

Elegant Themes. Divi is the most powerful theme Elegant Themes has ever created, and according to Carol, the only theme you will ever need. With Divi, the sky's the limit.

This is an informal look behind the scenes of live functioning Divi theme. Because this talk is informal, Carol will be taking questions as we proceed through the live active demonstration. Shet will be covered:

1. **The Divi Architecture**

- a. The Builder
- c. Pre-made Layouts
- d. Responsive Design

2. **The Builder**

- a. Drag and Drop
- b. The Modules
- c. The Options
- e. Translated into 32

Languages + Full RTL Support

3. **Security**

- a. Awarded The Sucuri Seal

4. **Header Options**

- a. Built for Conversion
- c. Beautiful Backgrounds

5. **Child-Theme & CSS**

- a. Some custom styling options

6. **Integrations**
