They're a requirement for every WordPress site, and likely the first thing that your visitors will interact with. Themes are an important part of the presentation of your business.

This month we're going to talk about some of our favorite themes, how to choose a good theme, and cover any other questions about themes that you might have. Join us for to learn to theme all the things!

This month's speakers and topics:

This was my first time attending a WP meetup, and I definitely enjoyed my time. You were all so friendly and great with answering questions. Thanks for a great presentation and Q&A!

A great meeting with great speakers. As usual, I never come away empty handed and tonight was a wonderful learning experience. Can't wait to do it again!

I'm really sorry I wasn't able to make it. I had a delay beyond my control and I would have been over an hour late tonight, so I ended up not even attempting. I'm bummed to have missed it. I was really looking forward to this!
